Submission of Papers

Prospective authors are invited to submit full-length, four-page papers in IEEE format, including figures and references, to the Redžúr Organizing committee. All Redžúr papers will be handled and reviewed electronically. Please note that the submission dates for papers are strict deadlines. Instructions for paper submissions, templates and further details on workshop attendance and poster session are available on the Redžúr 2026 web site:

<http://redzur.stuba.sk/>

For any questions, please see the workshop's website or send an email directly to

redzur@stuba.sk

Presentation

The accepted papers will be presented at the Workshop in the form of a poster. A poster session will be held at the venue on the date of the workshop. Presence in person is preferred, but in special cases the organizers will take every effort to facilitate remote presence. In such case, the organizers will consider an oral presentation as an option for both local and remote participants. Participants will be notified of such option in due time.
